1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:

Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.

Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.

The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
 2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
 3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
 4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
 5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation.

The required proficiency level is equivalent to the preliminary test of the 1st stage of the GEPT High-Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
 6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
 7. In the fifth and sixth academic years, students are required to complete a total of 6 credits of mandatory internship courses. The specific courses to be taken each semester will depend on actual enrollment.

Students must choose one of the following 2-credit courses: 「Clerkship in Community Medicine」 or 「Clerkship in Clinical Family and Community Medicine」. You must also choose between 「Clerkship in Psychiatry」 or 「Clerkship in Hospice Palliative Medicine」, with the latter needing to be completed at the affiliated hospital. Additionally, students must complete the 「Clerkship in Emergency Medicine」 for 2 credits.
 8. In the fifth and sixth academic years, students need to accumulate a total of at least 28 credits from clinical internship courses, including both required and elective courses.
 9. The minimum total credits required for graduation are 233 credits.
- Notes: The minimum graduation credits include 171 credits of required courses, 20 credits of general education required courses, 2 credits of required physical education courses, and 40 credits of elective courses. These electives must include 1 credit of Introduction to Traditional Chinese Medicine, 2 credits of Medical Sociology, 1 credit of Systems-Based Practice, 1 credit of Medicine and Law Case Study, 1 credit of Pediatric Medicine.

Elective 48 credits

說明：

一、 通識教育課程總學分數為 20 學分，學生需修滿學分數，始得申請畢業。課程內容分為「基礎通識」及「博雅通識」等兩大部分，修習原則如下：(一)「基礎通識」課程：必修，共 6 學分。含括：「多元文化與語文」、「人工智慧概論與應用」、「大學之道」及「服務學習」等課程。(二)「博雅通識」課程：必修，共 14 學分(醫資系除外，需 16 學分)。含括：文藝領域、社會領域、醫學人文領域和科普領域等四個領域，每個領域至少需修習 2 學分。通識教育課程畢業學分的認列，以 20 學分為上限。通識教育課程修習方式依照「中山醫學大學通識課程選課須知」辦理。「服務學習」依照「中山醫學大學服務學習課程實施辦法」辦理。

二、 學生須於畢業前修滿 2 學分「體育」，始得畢業，但超修不列入畢業學分數。

三、 大一「英文」分級及修課依照「雙語教學推動資源中心」所公告之規定辦理。

四、 學生須於畢業前擇一修習雙主修、輔系、跨域學程或跨域微學程，符合修習規範者，始得畢業。

五、 學生須於畢業前擇一參加經認定之校外官方英文能力檢定考試或校內「中山醫大英文能力檢測」(CEPT)英文檢定考試，相當全民英檢中級初試，並於每學期開學後繳交通過之成績證明文件至各系登錄，以作為畢業資格審定之依據。

六、 學生須依「中山醫學大學深化醫能力百分百實施辦法」參加各項符合增益基本能力之活動並累積至少 100 點，始得畢業。

七、 至少選修 30 學分專業選修課程，始得畢業(系上所開選修課程，皆為專業選修)。

八、 擋修課程以※標註，擋修規定依「中山醫學大學心理學系學士班課程擋修辦法」辦理。

Instructions：

1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:

Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.

Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.

The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
7. To graduate, students must complete at least 30 credits in Professional Elective courses. (The Elective courses offered by our department are all Professional Elective courses).
8. Course prerequisites are marked with stars, and the regulations for course prerequisites are handled in accordance with the 「Regulations for Course prerequisite in the Bachelor's Program of the Department of Psychology, Chung Shan Medical University」.

1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:
Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.
Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.
The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT High-Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
7. Students who score less than 40 in the first semester of a full-year course are not allowed to enroll in that course of the second semester.
8. Students must complete the minimum required credits for both mandatory and general education courses specified for the first to fifth academic years before they enter the internship program in the sixth academic year. During the internship year, students are not allowed to enroll in non-internship courses.
9. The internship courses in the sixth academic year are full-year courses, and the grades are considered as full-year grades. The performance evaluation for all internship courses is conducted after the completion of the entire internship, so there are no semester grades.

Minimum graduation credits: 128 credits, compulsory 86 credits, general education 20 credits, physical education 2 credits, elective 20 credits

說明：

- 一、通識教育課程總學分數為 20 學分，學生需修滿學分數，始得申請畢業。課程內容分為「基礎通識」及「博雅通識」等兩大部分，修習原則如下：(一)「基礎通識」課程：必修，共 6 學分。含括：「多元文化與語文」、「人工智慧概論與應用」、「大學之道」及「服務學習」等課程。(二)「博雅通識」課程：必修，共 14 學分。含括：文藝領域、社會領域、醫學人文領域和科普領域等四個領域，每個領域至少需修習 2 學分。通識教育課程畢業學分的認列，以 20 學分為上限。通識教育課程修習方式依照「中山醫學大學通識課程選課須知」辦理。「服務學習」依照「中山醫學大學服務學習課程實施辦法」辦理。
- 二、學生須於畢業前修滿 2 學分「體育」，始得畢業，但超修不列入畢業學分數。
- 三、大一「英文」分級及修課依照「雙語教學推動資源中心」所公告之規定辦理。
- 四、學生須於畢業前擇一修習雙主修、輔系、跨域學程或跨域微學程，符合修習規範者，始得畢業。
- 五、學生須於畢業前擇一參加經認定之校外官方英文能力檢定考試或校內「中山醫大英文能力檢測」(CEPT)英文檢定考試，相當全民英檢中級初試，並於每學期開學後繳交通過之成績證明文件至各系登錄，以作為畢業資格審定之依據。
- 六、學生須依「中山醫學大學深化醫能力百分百實施辦法」參加各項符合增益基本能力之活動並累積至少 100 點，始得畢業。

Courses and Credits for Freshmen Admitted in the 115th Academic Year

醫學科技學院生物醫學科學學系

Department of Biomedical Sciences

1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:
Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.
Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.
The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
7. At least 6 credits of professional elective courses must be taken for graduation.
8. Students are required to take at least one advanced practical skills development course and pass it before graduation to enhance their academic research and employment competitiveness. Courses include "Research Experiment (I)(II)(III)(IV)", "Biotechnology Unit Operation Experiment (I)(II)", and "Biotechnology Internship (I)(II)". These credits are not part of the professional elective 6-credit calculation.
9. Completion of Coursera courses with a credit certification can substitute for up to 4 elective credits. This summary highlights the academic expectations and requirements that students must fulfill to graduate from the university.

Minimum graduation credits: 128 credits, compulsory 93 credits, general education 20 credits, physical education 2 credits, elective 13 credits

說明：

- 一、通識教育課程總學分數為 20 學分，學生需修滿學分數，始得申請畢業。課程內容分為「基礎通識」及「博雅通識」等兩大部分，修習原則如下：(一)「基礎通識」課程：必修，共 6 學分。含括：「多元文化與語文」、「人工智慧概論與應用」、「大學之道」及「服務學習」等課程。(二)「博雅通識」課程：必修，共 14 學分(醫資系除外，需 16 學分)。含括：文藝領域、社會領域、醫學人文領域和科普領域等四個領域，每個領域至少需修習 2 學分。通識教育課程畢業學分的認列，以 20 學分為上限。通識教育課程修習方式依照「中山醫學大學通識課程選課須知」辦理。「服務學習」依照「中山醫學大學服務學習課程實施辦法」辦理。
- 二、學生須於畢業前修滿 2 學分「體育」，始得畢業，但超修不列入畢業學分數。
- 三、大一「英文」分級及修課依照「雙語教學推動資源中心」所公告之規定辦理。
- 四、學生須於畢業前擇一修習雙主修、輔系、跨域學程或跨域微學程，符合修習規範者，始得畢業。
- 五、學生須於畢業前擇一參加經認定之校外官方英文能力檢定考試或校內「中山醫大英文能力檢測」(CEPT)英文檢定考試，相當全民英檢中級初試，並於每學期開學後繳交通過之成績證明文件至各系登錄，以作為畢業資格審定之依據。
- 六、學生須依「中山醫學大學深化醫能力百分百實施辦法」參加各項符合增益基本能力之活動並累積至少 100 點，始得畢業。
- 七、跨域微學程認列之科目於下列情況不可重複認列學分數：1、其他跨域微學程之科目。2、學生主系之科目(包含必修、選修、專業選修)及通識課程。
- 八、必要先修課程以特殊符號標註，凡標有特殊符號任何一科不及格者，擋修第四學年臨床實習(醫學影像診斷技術學實習、放射治療技術學實習、核子醫學技術學實習)。

Courses and Credits for Freshmen Admitted in the 115th Academic Year

醫學科技學院醫學影像暨放射科學系

Department of Medical Imaging and Radiological Sciences

1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:
Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.
Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.
The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
7. Courses recognized in the interdisciplinary micro-study program cannot be recognized as credits repeatedly under the following circumstances: 1. Courses in other interdisciplinary micro-study programs. 2. Courses of the student's major (including compulsory, elective, and professional electives) and general courses.
8. Courses marked with are mandatory prerequisite courses. Students who fail any of the courses marked with will be ineligible to enroll in the fourth-year clinical practicum courses, including Practicum in Diagnostic Medical Imaging Techniques, Practicum in Radiation Therapy Techniques, and Practicum in Nuclear Medicine Techniques.

Courses and Credits for Freshmen Admitted in the 115th Academic Year

健康管理學院營養學系

Department of Nutrition

1. The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:
Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.
Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.
The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.
2. Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.
3. English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.
4. Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.
5. Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.
6. Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.
7. Clinical Internship Application Procedure:
Before applying for an internship, students must complete one elective in each of the following two categories:
(1) Only those who have completed one of the following elective second-year courses, 「Introduction to Scientific Literature Reading」, or the third-year course, 「Clinical Trials and Reports」, can apply for the internship.
(2) Only those who have completed one of the following elective third-year courses, 「OSCE (Objective Structured Clinical Examination) for Nutrition Professionals」, or 「Clinical Case Study」, can apply for the internship.
(3) The ranking is based on the average grades from the required courses taken in the first to third years of study (calculated as the sum of each course's semester grade multiplied by its credit). In case of tie scores, priority will be given based on the grade in 「Nutrition and Diet Therapy」. If still tied, then based on 「Quantity Food Production, Planning and Management」. Finally, based on 「Nutrition」 grades.
8. Students must complete a minimum of 19 credits of elective courses within their major to graduate.

1.—The total number of credits required for the General Education Curriculum is 20. Students must complete these credits to apply for graduation. The curriculum is divided into two main parts: Fundamental General Education and Liberal Arts General Education. The guidelines for course completion are as follows:

Fundamental General Education Courses: These are mandatory and total 6 credits. They include courses such as Multiculturalism and Languages, Introduction to Artificial Intelligence and Applications, Foundation of University Education, and Service Learning.

Liberal Arts General Education Courses: These are also mandatory and total 14 credits (16 credits for the Department of Medical Informatics). They cover four domains: Literature and Arts, Social Sciences, Medical Humanities, and Science and Technology. At least 2 credits must be completed in each domain.

The maximum number of credits recognized from the General Education Curriculum towards graduation is 20. Enrollment procedures for the General Education Curriculum are governed by the Guidelines for General Education Course Selection at Chung Shan Medical University. The Service Learning component must be conducted in accordance with the Implementation Guidelines for Service Learning Courses at Chung Shan Medical University.

2.—Students must complete 2 credits of Physical Education before graduation. However, excess credits will not be counted toward the total graduation credits.

3.—English course placement and enrollment are subject to the regulations of the English-Medium Instruction Center.

4.—Students are required to choose a double major, a minor, an interdisciplinary program, or an interdisciplinary micro-program before graduation. Only those who complete the requirements of their chosen program are eligible to graduate.

5.—Students must pass an officially recognized external English proficiency test or the CSMU's internal English Proficiency Test (CEPT) before graduation. The required proficiency level is equivalent to the preliminary test of the GEPT Intermediate Level. Within the designated period at the start of each semester, students must submit their official score reports to their respective departments to verify graduation eligibility.

6.—Students must participate in various activities that enhance their basic competencies in accordance with the Implementation Guidelines for Enhancing Soft Skills at Chung Shan Medical University and accumulate at least 100 points in order to graduate.

7. Courses recognized in the interdisciplinary micro-study program cannot be recognized as credits repeatedly under the following circumstances: 1. Courses in other interdisciplinary micro-study programs. 2. Courses of the student's major (including compulsory, elective, and professional electives) and general courses.

8. Students are required to complete at least 25 professional elective credits to graduate.

9. Students must participate in at least one certification exam (refer to the list of certifications issued, commissioned, certified, or recognized by the various central authorities as announced by the Ministry of Education) to graduate. Exceptions may be made in special circumstances should be approved by the Department Affairs Committee.

Applicable to Freshmen Admitted in the 115th Academic Year of Chung Shan Medical University

【通識課程選課須知】

【Instructions for Selecting General Education Courses】

- 一、通識教育課程總學分數為 20 學分。學生需修滿學分數，始得申請畢業。
課程內容分為「基礎通識」課程及「博雅通識」課程等兩大部分，修習原則如下：

The total number of credits required for general education courses is 20 credits. Students must complete all required credits before they can apply for graduation. The curriculum is divided into two main categories: "Foundation of University Education" courses and "Liberal Arts General Education" courses. The principles for taking these courses are as follows:

- (一)「基礎通識」課程：必修，共 6 學分。包括：「多元文化與語文」、「人工智慧概論與應用」、「大學之道」及「服務學習」等課程。

"Fundamental General Education" Courses: Required, totaling 6 credits. These courses include "Multiculturalism and Languages," "Introduction to Artificial Intelligence and Applications," "Foundation of University Education," and "Service Learning."

1. 「多元文化與語文」：必修 2 學分。

Multiculturalism and Languages: Required, 2 credits.

2. 人工智慧概論與應用：必修 2 學分，大一修習。但醫資系除外，須另於「博雅通識課程」加選 2 學分。

Introduction to Artificial Intelligence and Applications: Required, 2 credits, to be taken in the first year. However, students in the Medical Informatics Department are an exception and must instead take an additional 2 credits in "Liberal Arts General Education" courses.

3. 大學之道：必修 1 學分，大一修習(上學期課程)。

Foundation of University Education: Required, 1 credit, to be taken in the first year (first semester course).

4. 服務學習：必修 1 學分，總計 18 小時，以大一修習為原則。包括：「系上專業服務」8 小時、「服務學習講座」2 小時及「校內外志工服務學習」8 小時等課程時數。

Service Learning: Required, 1 credit, with a total of 18 hours, preferably to be completed in the first year. This includes 8 hours of "Departmental Professional Service," 2 hours of "Service Learning Seminars," and 8 hours of "On-Campus and Off-Campus Volunteer Service Learning."

- (二)「博雅通識」課程：必修，共 14 學分(醫資系除外，需 16 學分)。包括：文藝領域、社會領域、醫學人文領域和科普領域等四個領域。每個領域至少需修習 2 學分。

Liberal Arts General Education" Courses: Required, totaling 14 credits (16 credits for students in the Medical Informatics Department). This includes four major areas: the Arts and Literature Domain, the Social Sciences Domain, the Medical Humanities Domain, and the Science and Technology Domain. Students must take at least 2 credits in each domain.

二、注意事項

Important Notes: :

(一) 通識各領域課程，若無註明選修限制，即屬於開放全校學生選修範圍。

General Education Courses in Each Domain: If there are no restrictions specified for elective courses, they are open to all students in the university.

(二) 通識課程之學分數列入學生最低畢業學分數計算。但超修或不可採計之通識課程學分數，是否採計為選修學分，由學生畢業時就讀學系認定之。

Credits for General Education Courses: The credits for general education courses are counted towards the minimum graduation credits required for students. Whether extra credits or non-eligible general education course credits can be counted as elective credits will be determined by the student's department at the time of graduation.

(三) 課表內符號之標示方法 **Symbols in the Course Schedule:** :

1. 通則：表格內呈現「V」，表示開課學期。

General Rule: A "V" in the table indicates the semester in which the course is offered.

2. 特例：全學年之必修課，表格內呈現「I」，表示開課學期及其學分數。

Special Cases: For compulsory courses offered throughout the academic year, the symbol " I " in the table indicates the semester and the number of credits.

(四) 授課教師如有異動，悉依當學年度實際授課教師為主。

Changes in Teaching Staff: Any changes in teaching staff will be based on the actual instructors for that academic year.

(五) 開課課表及各學群領域開課課程如有異動(增刪)，悉依修正公告內容為準。

Course Schedule and Changes in Courses Offered in Each Domain: Any changes (additions or deletions) to the course schedule or the courses offered in each domain will be based on the latest announcements and revisions.

(六) 國防通識課程：選修，不列入通識畢業學分。

National Defense General Education Courses: These are elective and do not count towards the general education graduation credits.

※注意事項：(a)99 學年度起國防通識領域各科目均不限年級。(b)因應部頒「軍訓課程折算役期實施辦法」修訂，課程名稱內須有「軍訓」課程始得折抵役期。(c)每門課程合格始具有折減役期之效力，相關役期折減依「全民國防教育軍事訓練課程折減常備兵役現役役期與軍事訓練期間實施辦法」辦理(5門課：全民國防教育軍事訓練課程-國際情勢、國防政策、全民國防、防衛動員、國防科技)，不可重複選修。

- **Important Notes**(a)From the academic year 2010 (99th academic year), there are no grade level restrictions for subjects in the National Defense General Education domain.(b)In response to the revised "Implementation Guidelines for Substituting Military Training

Courses for Military Service," the course title must include "Military Training" for the course to count towards military service reduction.(c) Each course must be completed with a passing grade to qualify for a reduction in military service time. The relevant service reduction is managed according to the " Implementation Guidelines for the Reduction of Active-Duty Regular Military Service and Military Training Periods through National Defense Education and Military Training Course " (which includes five courses: National Defense Education and Military Training Courses – International Situations, The Defense Doctrine, All-people Defense, Defense Mobilization, and National Defense Science and Technology). Courses cannot be repeated.

中山醫學大學 115 學年度入學新生適用

Applicable to New Students Entering Chung Shan Medical University in the Academic Year 115

【體育課程選課須知】

【Instructions for Selecting Physical Education Courses】

壹、課程

I. Courses

- 一、每週授課兩小時為 1 學分，成績併入該學期學業成績計算。

"The course meets for two hours per week for 1 credit, and the grade will be factored into the academic performance for that semester."

- 二、課程規劃：

Course Planning:

- (一) 體育中心開設的體育課程，例如：體育-桌球、體育-排球、體育-足球等。同學可依個人興趣及空堂自由選課，但每人每學期限選 1 門體育課程。

The Physical Education Center offers various physical education courses, such as PE-Table Tennis, PE-Volleyball, PE-Soccer, etc. Students can freely choose courses based on their interests and available time slots, but each student can only select one physical education course per semester.

- (二) 大學部一年級同學請在選課預選及選課加退選時至選課系統選課，不得參加人工特殊加退選。

"The freshmen must register for courses through the online course selection system during both the pre-registration and add/drop periods. Manual (special) add/drop registration is not permitted."

- 三、「體育-適應體育」班：

「PE-Adaptive Physical Education」Class：

- (一) 對於不適合激烈運動、身障生或其他特殊情況的同學可以轉至「體育-適應體育」修課。

Students who are not suitable for intense physical activities, have disabilities, or are in other special circumstances may enroll in the "PE-Adaptive Physical Education" course.

- (二) 如需轉至「體育-適應體育」修課的同學，請於開學後第一次上課前攜帶公立醫院或教學醫院開具之證明至體育中心審定，並辦理轉班。

Students who need to transfer to the 「PE-Adaptive Physical Education」 course should bring a certificate issued by a public or teaching hospital to the Physical Education Center for approval before the first class of the semester, and then proceed with the transfer process.

貳、修課規定

II. Course Regulations

- 一、大學部學生必須修滿 2 學分體育課程且成績及格始得畢業，但超修不予列入畢業學分數。

"Undergraduate students must complete and pass 2 credits of Physical Education (PE) courses to satisfy graduation requirements; however, any excess PE credits will not be counted toward the minimum graduation credits."

- 二、人工特殊加退選注意事項：

Special Notes for Manual Add/Drop Procedures:

限重、補修及已修滿 2 學分欲加修體育課程者，辦理人工特殊加退選，每學期至多修習 1 門，請同學自

行列印加退選後的“一週課表”及中山醫學大學大學部選修各學系課程人工特殊加退選申請表，至體育中心辦理，未備齊者不予受理。

"Students status under course limit restrictions, those who needs to make up credits, or those who have already completed 2 credits but wish to take additional PE courses must apply for manual (special) add/drop. Students are limited to a maximum of one PE course per semester. To apply, students must print out their 'weekly class schedule' (after adding/dropping online) and the 'CSMU Undergraduate Manual Course Add/Drop Application Form,' and bring both documents to the Physical Education Center. Incomplete applications will not be accepted."

三、第一週上課地點請參閱課程綱要或進入體育中心網站公告之地點集合。

Please refer to the course syllabus or visit the Physical Education Center website for location details regarding the first week of classes.

四、修習體育課程應穿著合適之運動服裝或修課教師規定之服裝。

Students taking physical education courses must wear appropriate sportswear or attire specified by the course instructor.
